Peter Grose was able to pull the whole crowd together and was so entertaining that I don't believe anyone in that room was not left with that euphoric feeling after having a well deserved laugh- there is nothing better for the sole or my function. Our clients felt very important for us to be providing a private performance by such a talented comedian. The success of our VIP function rested heavily on Peter's performance and he did not disappoint us. Our clients were all engrossed by his wit and ability to keep every one involved without offense. This was a difficult task due to our clients coming from many backgrounds, so Peter's ability to read the audience is a true talent. In the world of Corporate entertainers I would have no hesitation in recommending Peter to any perspective client- he is a professional in his field.

Thank you for your fantastic show last Friday night, I don't think there were any people there who didn't have a great time. Please add me to your list of references.

I would like to again thank you for your performance at Century Zink Mine. The feed back has been nothing short of brilliant and it was the highlight of the year for everyone who attended. I believe you were not only great value but also brilliant in the way that you adapted your humor to suit the mining audience.

I recommend you on your performance at our recent Golf Day held at Gainsborough Greens, Pimpama. I must admit I had not herd of you until a friend of mine recommended you. However I defiantly will not forget your performance in a hurry, nor will the one hundred and fifty other people who attended our golf day as you had them in fits of laughter for the succession of your show. They are still taking about the evening one month later. On behalf of everyone who attended, I would like to thank you for your fantastic show.

The star of the night beyond all doubt was Peter Grose, with all respect to that wonderful establishment Sit Down Comedy Club, this guy should be playing large venues. His spot lasted for an hour and the gags were great and going thick and strong.
